

Mubashara Rehman

AI Researcher in Computer Vision and Medical Imaging
PhD Thesis Submitted – University of Udine, Italy
IRCCS Centro di Riferimento Oncologico di Aviano, Italy

University Email: rehman.mubashara@spes.uniud.it

Personal Email: rehman.mubashara@gmail.com

PROFESSIONAL PROFILE	PhD candidate in Artificial Intelligence with expertise in computer vision, deep learning, and medical image analysis. Experienced in designing and developing generative AI models for CT and MRI reconstruction, image enhancement, and cross-modality domain translation using PyTorch. Proven ability to collaborate across academia, healthcare, and industry to deliver innovative AI solutions for medical imaging. Seeking opportunities in machine learning, computer vision, and AI research to translate cutting-edge research into real-world applications.
RESEARCH INTEREST	Deep Learning for Medical Imaging, Metal Artifact Reduction in CT, Cross-Modality Domain Transformation (kVCT $\rightarrow$ MVCT), AI-driven CT Reconstruction and MRI Enhancement.
EDUCATION AND TRAINING	Ph.D. in Artificial Intelligence and Data Analysis for Personalized Oncology Sept. 2023 - Thesis Submitted: Aug. 2026 Dipartimento di Scienze Matematiche, Informatiche e Fisiche, Università degli Studi di Udine, Udine (Italia). Collaboration with IRCCS Centro di Riferimento Oncologico (CRO), Aviano. Advisor: Prof. Christian Micheloni (Machine Learning and Perception Lab, UNIUD) Co-Advisors: Prof. Niki Martinel (Machine Learning and Perception Lab, UNIUD) Collaborators: Dr. Michele Avanzo (IRCCS Centro di Riferimento Oncologico, CRO), Dr. Riccardo Spizzo (IRCCS Centro di Riferimento Oncologico, CRO). • Conducting research on deep learning methods for metal artifact reduction in computed tomography (CT) images for radiotherapy applications. • Developing kVCT-to-MVCT domain transformation frameworks to improve image quality and support radiotherapy treatment planning. Master of Science in Software Engineering Sept. 2017 - Apr. 2020 College of Intelligence and Computing, Tianjin University, Tianjin (China) • Graduated with 83.2% marks. • Awarded Tianjin University International Student Scholarship. Bachelor of Science in Software Engineering Sept. 2012 - Jun. 2016 Department of Software Engineering, Fatima Jinnah Women University, Rawalpindi (Pakistan). • Final grade: 82%. • Senior Design Thesis: “Design and Development of an Android Application for Indoor Navigation and Positioning System using Sensor Networks” – secured A+. • Degree verified by World Education Services (WES).

RESEARCH
EXPERIENCE

PhD Visiting Researcher

Leiden University Medical Center (LUMC), Leiden, Netherlands Jan. 2026 – Jun. 2026

Conducted research as part of an international collaboration involving:

- Division of Image Processing (LKEB), Leiden University Medical Center (LUMC)
- C.J. Gorter Center for High Field MRI, Leiden University Medical Center (LUMC)
- Philips Research, Netherlands

Worked under the supervision of **Prof. Marius Staring**, in close collaboration with **Dr. Mariya Doneva** (Philips Research) and **Dr. Yiming** (LUMC).

Conducted research on deep learning-based low-field to high-field prostate MRI enhancement within a collaborative project between LUMC and Philips Research. Developed novel generative AI methods for MRI reconstruction and image enhancement, with a focus on preserving anatomical structures and improving image quality.

Outcome: First author of the manuscript “*ReFineMRI: Structure-Preserving Low-Field MRI Enhancement via Progressive Refinement*,” submitted for review to *IEEE Transactions on Computational Imaging (TCI)*, 2026.

Universidad de Santiago de Compostela (Spain) Apr. 2024 – Sep. 2024
Collaboration with Dr. Belén Serrano-Antón and Prof. Alberto P. Muñuzuri.

- FlowReserve Labs S.L., Santiago de Compostela, Spain
- CITMaga, Santiago de Compostela, Spain
- Group of Nonlinear Physics, University of Santiago de Compostela, Spain

Worked on medical imaging research focused on metal artifact reduction and CT domain transformation.

Outcome: Co-authored the paper “MAR-DTN: Metal Artifact Reduction using Domain Transformation Network for Radiotherapy Planning,” published at the *27th International Conference on Pattern Recognition (ICPR)*, 2024.

PROFESSIONAL
EXPERIENCE

Research Collaborator

Sept. 2023 – Sept. 2026

IRCCS Centro di Riferimento Oncologico di Aviano, Aviano, Friuli-Venezia Giulia (Italy).

- Collaborated with oncologists and medical physicists on CT imaging datasets.
- Focused on AI-driven methodologies for Metal Artifact Reduction (MAR) and cross-modality domain transformation (kVCT → MVCT).
- Worked on integrating deep learning models for CT reconstruction and enhancement in radiotherapy workflows.

IT Project Lead and CRM Manager

May 2021 – Jun. 2023

Moreno Holdings Pvt Ltd., Islamabad (Pakistan).

Senior Research Executive

Jun. 2016 – Dec. 2019

resourcex.io IT Consulting, Rawalpindi (Pakistan) - Remote

Trainee

Oct. 2015 – May 2016

Crevo Technologies, Islamabad (Pakistan).

Internee

Aug. 2015 – Oct. 2015

Directorate General Defence Purchase (DGDP), Rawalpindi (Pakistan).

INTERNATIONAL SUMMER SCHOOLS AND RESEARCH TRAINING	RISE-MICCAI Summer School 2025 MICCAI Society Jul. 2025
	International Summer School on Artificial Intelligence (AI-DLDA) – 8th Edition University of Udine, Italy Jun. 2025
	International Computer Vision Summer School (ICVSS 2024): Computer Vision in the Age of Large Language Models University of Cambridge Aug. 2024
	International Summer School on Artificial Intelligence (AI-DLDA) – 7th Edition University of Udine, Italy Jul. 2024
	Summer School for Humans and Technology: Technologies for Good DAAD German Academic Exchange Service (Germany) Sep. 2023
AWARDS AND HONOURS	• PhD Fellowship Award – Fully funded doctoral fellowship granted by the Italian Ministry of Health-2023, in collaboration with the National Cancer Research Institute, CRO IRCCS. • Master’s Scholarship – Tianjin University International Student Scholarship-2017, awarded for academic excellence. • Laptop Award – Recipient under the Prime Minister’s Best Student Laptop Scheme 2015, Government of Pakistan.
TECHNICAL SKILLS	• Programming: Python, C/C++ • AI & Computer Vision: PyTorch, OpenCV, NumPy, Pandas, scikit-image, Matplotlib, Weights & Biases (W&B) • Core Expertise: Deep Learning, Computer Vision, Medical Image Analysis, Generative AI, Convolutional Neural Networks (CNNs), Vision Transformers (ViTs), Diffusion Models, Flow Matching, Image Reconstruction, Image Enhancement, Cross-Modality Domain Translation • Medical Imaging: CT, MRI, DICOM, 3D Slicer (advanced), ITK-SNAP (basic) • Tools & Platforms: Git, PyCharm, Jupyter Notebook, JupyterLab, Draw.io, Jira, Miro • Research & Documentation: L^AT_EX, BibT_EX, EndNote, Mendeley • Languages: English (Fluent), Urdu (Native)
PROFESSIONAL AFFILIATIONS	• Member (2025 – Current), Associazione Italiana per la Ricerca in Computer Vision, Pattern Recognition e Machine Learning (CVPL), affiliated with the International Association for Pattern Recognition (IAPR).
PUBLICATIONS	• Mubashara Rehman, Donghang Lyu, Marius Staring, Niki Martinel, Mariya Doneva, Christian Micheloni, and Yiming Dong, “ReFineMRI: Structure-Preserving Low-Field MRI Enhancement via Progressive Refinement,” submitted for review to <i>IEEE Transactions on Computational Imaging (TCI)</i>, 2026. • Mubashara Rehman, Niki Martinel, Michele Avanzo, Riccardo Spizzo, and Christian Micheloni, “WAVEFORM-Net: Wavelet-Enhanced Frequency Fusion for Transformer-Based Metal Artifact Reduction in CT Domain Translation,” submitted to <i>Multimedia Tools and Applications</i> (Springer), under review, 2026. • M. EXTRA-CURRICULAR ACTIVITIES	Chinese Opera Culture Week – Peking Opera	Oct. 2018
	Participated in cultural volunteering at the 9th China (Beijing) International Garden Expo.	
	Soprano Singing – International Students Chorus, Tianjin University	Nov. 2019
	Performed as part of the international students’ chorus, representing cultural exchange through music.	
VOLUNTEER WORK	Esmile Khursheed Welfare, Rawalpindi (Pakistan).	
	. Interaction with students, extra-curricular activities, and confidence-building sessions.	
	Al-Shifa Eye Trust Hospital, Rawalpindi (Pakistan).	
	. Assisted staff in patient handling and interacted with patients during daily operations.
